New Tree Preservation Order TPO-577-2017 – Trees in Darknoll Lane – Following discussion it was proposed by Cllr Banning that the Parish Council should respond that The Parish Council recognises the important contribution that the trees along Darknoll Brook make to the biodiversity along this stretch of a public right of way, but are concerned that a blanket TPO applied to all species will create an onerous maintenance issue with the rapidly growing species that may require regular control of their growth to maintain the ability to use the footpath and for residents to maintain their boundary. It is suggested that the TPO is applied to named species that don't have characteristics of rapid growth. This was seconded by Cllr Rowe and agreed by Council Report from the Planning Committee: There were no meetings of the Planning Committee in the last month. 9.

	commemorative bench only outside the shop, and not to install a new bin, due to concerns around
	dog waste.
	DAPTC: The Chairman advised that he had attended the DAPTC meeting and a presentation
	form the Dorset Waste Partnership had been shown. The Chairman had raised the problem of
	dog waste being left in bags outside the shop and had been informed that the Parish Council
	could opt for a wheelie bin outside the shop instead of the smaller bin already there. This would
	incur a charge for emptying. Councillors agreed that they did not want to see a wheelie bin in the
	centre of the village and felt that a notice in the shop window asking residents not to dispose of
	dog waste outside the shop would be a better option.
	Village Hall: Cllr Row advised that the Fippenny Fair had raised £1038.00.
